Dear Doctor Berry:

Thank you very much for sending your resume on your efforts to assist in teaching and developing medicine throughout the world.

Knowing the sensitive and diplomatic requirements to travel to China and the restrictions accompanied with Presidential travel, I unfortunately regret that I believe it would be very difficult for you to go to China. I would recommend that you forward your request to the appropriate channel at State Department.

Wishing you every success in all of your endeavors and looking forward to seeing you soon,

Sincerely,

Bill
