Dear Doctor Berry:

This is in response to your letter of March 30 regarding contribution by the City of Los Angeles for support of Los Angeles County Hospital.

Please note that the City, itself, makes no direct contribution to County hospital operation; however, since city residents pay County taxes, they do contribute by way of use of General Fund monies that are apportioned from these taxes.

I trust the above will be of assistance to you in your studies.

Very truly yours,

Westley Sholes mf
