Gentlemen:

I have used your case history cards for about twenty-five years, and for the last two months we have been trying to get an order filled for additional cards. It has been impossible. I must know by return mail whether you are still in business.

It is necessary to know, if I must change my record system to forms which are now available. Several letters to you have not straighten out the matter. So, I am writing once more. The order which you received about two months ago was for 350 cards (Form Number SV406B) and 150 cards (Form Number 4V100B).

If we do no hear from you in one week, we will assume that you can no longer comply with our order request and we will have to make other arrangements.

Very truly yours,

Leonidas H. Berry, M.D.
