Dear Sister Gladys > 5/5/78

I Xeroxed this letter because it is a well written, thoughtful, sincerely complimentary letter to your "eldest brother". Interestingly you suggested two items which I had already set in motion viz: "Do you think that at anytime all international contributors could get together?" I enclosed please find a copy of the printed program for just such a conference, which I maneuvered and held at the N.Y. Americana Hotel during the Annual Digestive Disease Week May '74. The "get-together" ingredient of your suggestion is symbolized by the accompanying composite photograph of the Senior Contributors and the "most Senior Contributors and editors" ^[12 chapters] your "eldest brother," "perched" in the Center
