

One of the pens used by the President, October 6,
1965, in signing S. 596, An Act to amend the Public
Health Service Act to assist in combating heart
disease, cancer, stroke, and related diseases.

Presented to Leonidas H. Berry, M.D., President,
National Medical Association with an appointment
to the 12-man "1st" National Advisory Council of
the Regional Medical Programs vs Heart Disease,
Cancer and Stroke of the National Institutes of
Health.
