Dear Dr. Berry:

I read in a Scope weekly, September 10, 1958
issue were you was a specialist in internal

Medical Association award for distinguished
service in rehabilitation of narcotic addicts.

Please let me know at once about your
opportunities or plans because I need them
badly.

Hoping to hear from you soon as this is a
medical doctor (M.D.) and has been free for a
position since last november 1957. He has a
Mississippi and Alabama license.

Fraternally yours,
 Cecil J. McCarthy, M.D.

P.S. I am sending this to the A.M.A. and let
them forward it to you because I do not
have a directory
