Dear Doctor Berry:

I am very much interested in taking a post graduate course in gastroenterology for the Board examination. According to the letter from Eugene A. Meyer, Registrar the course is not dealing exclusively with gastroenterology. Since I am interested in a comprehensive review in gastroenterology, I would appreciate information regarding topics that will be covered in this course. Is this course designed for just gastroscopy or is it designed to cover several other topics in gastroenterology as well? How much time do you allow for gastroscopy?

Looking forward to your reply in the near future, I am,

Sincerely yours,

P. Pises MD.

P. Pises, M.D.
