5 stab  
The patient program Description

① Acute Illness

Any patient acutely ill  
may be asked if he has been treated  
by the Doctor of a minority group  
② would you like for that Dr to  
visit you here and treat you and study  
you close so that he can follow up you  
with our help when you leave here.

Joint Hospital Staff - Minority Group  
Doctor Care.

① Black Dr. visits his patient  
writes no orders discusses diag.  
and management with Senior Resident or  
Attending Staff. makes suggestions  
discusses rationale and drug route  
interpretation - may collect fee as  
community Dr. The attending staff man  
collects fee as consultant.

② Community Dr encouraged to attend  
staff clinical conferences. may present  
his case with attending Dr. as Dis-  
cussant. This invitation should extend  
to C.P.C., ~~other~~ imp. others -

③ Follow up occurs in Black Dr's  
office with periodic return of  
patient for follow up tests <sup>to a</sup> paid  
for by patient. with reports sent  
to Black community Doctor -

Black Dr  
Sends Rx and  
progress Note
