Leonidas H. Berry, M.D.
412 East 47th Street
Chicago 15, Illinois

Dear Doctor Berry:

Thank you very much for the letters which you have sent out and the great assistance which you are giving us in carrying on the Clinical Session at Cook County for the Annual Meeting in June.

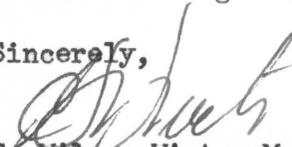

Enclosed you will see the tentative schedule which is planned to be sent out about 1 May. You will notice that Dr. Coleman C. Johnston of Kentucky is not participating. He preferred not to demonstrate his table because of certain limitations in its use which have occurred. You will also note that there will be one other film shown in addition to yours. The one by Dr. Holinger is a 16 mm. film. Will you please let me know what size film you are using and whether you have available a moving picture projection apparatus. I would appreciate receiving this information as promptly as possible.

As far as mimeographing the histories and preparing slides, I am not in a position to authorize large expenditures but if there are only four cases, perhaps they could be put on one sheet and one hundred copies made by mimeographing. If the slides are black and white and not too numerous, the expense should not be too great. I would have to have some estimate before I could authorize this but, I hope that this will not detract from the program. Ofttimes one can get this done through the medical school without charge to the society. You probably know that our funds are somewhat limited. I shall write to Dr. Browne, however, and get his opinion. In the meantime you can give me an estimate of the cost.

The officers and members of the Board are listed at the top of this stationery and P. E. Thompson Hancock and John Tomenius will be the foreign guests and you can gather the ones who are participating in the course from the program.

Looking forward to hearing from you and with kind regards,

Sincerely,

C. Wilmer Wirts, M.D.
