Chicago, Illinois 60616

Dear Leonidas:

I wish to thank you for the copy of Gastrointestinal Panendoscopy which arrived today. It is a truly comprehensive tome, beautifully illustrated, and well-edited. It fulfills a great need to the Profession and, I feel certain, will be in use for many years to come. I am grateful for your having accorded to me the privilege of participating in your literary effort.

Especially, Leonidas and Em, do I wish to thank you for your condolences. I shall never forget your most kind sentiments. Hope to see you again, soon.

With kindest personal regards,

Sincerely,

ANGELO E. DAGRADI, M.D.
Chief, Gastroenterology Section
