Chicago 15, Illinois

Dear Doctor Berry:

Thank you for your letter of March 13 giving us information about Doctor Cole. Everything now seems to be in order.

We note your request for transparency case and increase in the size of your booth to accommodate this case. Fortunately, we can make a shift to accommodate you in this instance. Enclosed is a floor plan showing the change in your assignment from Space 196 to Space 207. The new booth will be 17 feet long. I trust this will be satisfactory to you.

When you return the "request" form for transparency cases, etc., will you please indicate just where in the booth you will want your transparency case placed?

Sincerely yours,

Thomas G. Hull, Secretary
Council on Scientific Assembly
