Dear Frank:

Your letter was received several days ago. Apparently you did not get a copy of the letter addressed to Dr. Marvin dated June 24th, although it is my opinion that a copy was sent to you. If you had received this correspondence, which was entirely a letter of inquiry, I do not believe that you would have written your letter of July 16th.

Re-reading my original letter to Dr. Marvin, I see nothing that suggest that I do not wish to publish the article in the Bulletin.

I think Dr. Marvin's recent letter to me clears up the matter, and I will be very glad to cooperate along the lines he suggested.

Very truly yours,

Leonidas H. Berry, M.D.
