Leonidas H. Berry, M. D.
Professor of Gastroenterology and Gastroscopy
Cook County Graduate School
Chicago, Illinois

Dear Doctor Berry:

Please accept the thanks of all of the members of the American Society for Gastrointestinal Endoscopy for your efforts in making the Post-Graduate Course a success. The large number of registrations and contribution from a number of pharmaceutical houses has made possible a token honorarium for each faculty member, enclosed herein.

All comment which reached me was favorable. The Governing Board has decided to publish the presentations in book form, with Dr. Vernon Smith as principal editor.

I extend my personal thanks for the part you played in making the course a success.

Yours sincerely,

B H Sullivan Jr.
B. H. Sullivan, Jr., M. D.
Secretary-Treasurer
