

I began *Endoscopy*
the year that I. P. Rowlor
died 1936. (Rowlor 1849-¹⁹36)
(at age 87)

See Hist of Gil. in *Medical* ^{Volson}
Rowlor, The work of The Dis. gland translated
H. Thompson 2nd ed. London: Brit. 1910

One wonders why so
little attention is paid
to the organ which transport
food to the stomach
Even if we don't live eat
all of us have to eat to live
the organ of transport. The center
of the organ of transport is
the center of the organ of transport.

Edward - Whom no one
Reverend accused of being a
whitewash, opens the Introductory
Statement - his book The
Geopolitics published 1958

When one considers
how important safety is

The Endoscopist
must see the patient
as a whole and Not
just thru a hole.
