Dr. Isadore Snapper
Mount Sinai Hospital
Fifth Avenue
New York, New York

Dear Dr. Snapper:

You will recall that you agreed to appear on the program of the Association of Former Internes and Residents of Freedmen's Hospital at their Annual Scientific Assembly. The specific dates are June 9 through June 12, inclusive, at Freedmen's Hospital, Washington, D. C.

As President, I am especially interested in having a very fine program. Several outstanding men of the bigger medical centers will appear. Included among them is Dr. Charles W. Mayo of Rochester and I have also invited Dr. Owen H. Wangensteen.

Dr. J. B. Johnson, Chairman of the Department of Medicine at Freedmen's, who is Chairman of the Program Committee, will write you concerning your talk. In the interest of a proper balance of the program, I think he will suggest that you choose some subject that will put emphasis on practical clinical application in cardiology or any field of internal medicine other than the gastrointestinal tract.

The society pays expenses to the meeting.

With kindest personal regards.

Yours very truly,

Leonidas H. Berry, M. D.
President
