Dear Doctor Piper:

This is a short note to express to you my deep gratitude, as President of the Association of Former Interns and Residents, of Freedman's Hospital. I assure you that it was a singular honor to be chosen as the person to receive the William A Warfield award.

It is always a pleasure to return to Washington and visit with old friends. I had the added pleasure this time of sitting next to your wife and having a very pleasant chat with her during the luncheon period. I expect to see you again in August at the time of the meeting of the National Medical Association. Until then,

Sincerest regards and best wishes,

Leonidas H. Berry, M.D.
