David Bronsky, M. D.
Director, Division of Medicine

Frederick Steigmann, M. D.
Director, Department of Gastroenterology

Dear Dave and Fred:

This will confirm our several conversations regarding the acquisition of a badly needed universal examining table for the gastroscopy clinic. My understanding is that the ~~item~~ may be made available through the Associated Physicians Fund.

It is available from the Medical Arts Co., 1720 West Van Buren. It can be delivered as soon as they receive the order and they will wait for payment.

The table selection has been discussed with Dr. Villa and he also approves.

One (1) Ritter Universal Examining Table, catalog # 75, Beige with matching stool, price \$2207.00 is the item of choice.

Thanks very much.

Yours very truly,

Leonidas H. Berry, M. D.
Chief
Gastroscopy Clinic
