July 5, 1951

Honorable Adlai Stevenson
Governor, State of Illinois
Springfield, Illinois

Dear Sir:

This letter comes to urge you to sign House Bills number 1256 and 1257, providing appropriation to set up Regional Counseling Clinics and a Hospital for the care of young narcotic addicts.

I understand that New York has just established authority to turn over a hospital for such purposes. As you know, the need is just as great here in Chicago.

To this end, I believe that the follow-up clinics are very essential and will meet an urgent demand. It is hoped that you will see fit to give favorable consideration to this matter.

Very truly yours,

G. Norman Adanson, M. D.
President, Prairie State Medical Assoc.

cc:Dr. Berry ✓

NOTE: Original letter sent on official Prairie State
Medical Association stationery.
