Dear Doctor Berry:

Your paper entitled "Medical Counseling Clinics for the Prevention and Follow-Up Care of Young Narcotic Addicts" has been accepted for publication in The Journal, subject to slight editorial modification. The paper is also accepted with the understanding that it is contributed solely to this journal. A galley proof will be sent to you before publication.

We would also like to suggest that the words "The Berry Plan" at the top of Diagram A be omitted entirely or some other words used to designate the plan. Please let us know if this is agreeable to you, and if so, an effort will be made to publish your paper within a few weeks.

(will print ok.)

Very truly yours,
