Dear Leonidas,

We were glad to get the beautiful Xmas card from yourself and dear wife. The picture of yourself in academic gown in front of the U. of C. Chapel is very good. We both think you look to be in better condition than in past years. This is no doubt because your semi-retirement makes it possible to get the rest needed as one's machinery ages. The same thing has been so in my case.

Truly the Professional Achievement

Award of the Alumni Association is no mean honor and it is richly deserved.

I am glad to know that you are working again on the family history. I am hoping that you will eventually be able to send me some notes on your family's recollection of life on the Butler farm.

My wife joins me in cordial greetings to you and your wife and best wishes for a Merry Christmas and Happy New Year.

Best regards.

Chester
