

January 23, 1952

Dr. Irene Sherman, Director  
Medical Counseling Clinic  
Neuropsychiatric Institute of the  
University of Illinois  
910 South Wood Street  
Chicago 12, Illinois

Dear Dr. Sherman:

This will confirm our recent telephone conversation with reference to the Luncheon Meeting at the Parkway Blue Room, 420 East 45th Street, Wednesday, January 30, 1952 at 12 Noon.

This meeting will be attended by people interested and having the authority for implementing the referral of young narcotic drug users to the Medical Counseling Clinics at the Neuropsychiatric Institute of the University of Illinois and Provident Hospital. A second point to be discussed will be the integration of eligible candidates for rehabilitation into the public schools for the furtherance of their education and especially into the vocational schools.

We trust that nothing interferes with your attendance at this meeting, which will begin promptly at 12, and should not last more than 1½ hours.

Yours very truly,

LEONIDAS H. BERRY, M. D.  
Co-Ordinator, Narcotics Program  
412 East 47th Street  
Chicago 15, Illinois

LHB:ocp
