Mr. G. E. Trasov  
Department of Psychiatry  
10th Avenue & Heather Street  
Vancouver 9, Canada

Dear Mr. Trasov:

I received your letter some time ago and mentioned the matter to some members of our staff but do not know whether any definitive plans were made toward your employment in Chicago. There is at present an opening for a person of your background and training to work with a group therapy unit in the Cook County jail, along with two psychologists and under the direction of a psychiatrist. This unit would develop into one of the clinics of the Illinois State Department of Public Health.

If Dr. Stevenson will be kind enough to recommend you and if you will send us your curriculum vitae there may be an opportunity for immediate employment in our project at standard salary rates.

Very truly yours,

Leonidas H. Berry, M.D.  
Coordinator  
Medical Counseling Clinics
