Dear Dr. Gowen:

Your teletype message received yesterday. I have transmitted the essentials of the information to Dr. Boshes.

The date of Thursday the 12th remains satisfactory with all concerned except that Dr. Boshes states that he would have to leave at 12:50 and requests that the meeting start at 11:30. I told him that we would comply. Please decide whether to have the meal served at 11:30 or whether to begin our talks at 11:30 with service later and so inform the hotel.

Sincerest regards and best wishes.

Yours very truly,

Leonidas H. Berry, M.D.
