Dear Lee:

I have looked over the budget for the medical counselling clinics at Northwestern University and Cook County Jail and I am in complete agreement.

There is one technicality worth note: Your figures are for one year, and the proposed budget is marked for the biennium. This is the problem we have had with some of our grants under the mental health program who were to have applied for a biennium but who have sent us a budget for only one year.

Actually, the proposed budget for the biennium should be \$71,000.00 plus \$41,000.00, or a total of \$112,000.00.

Sincerely,

Dr. Boshes
