Dear Dr. Berry:

I received your letter of June 25th regarding the meeting in Cincinnati on August 10th. Much as I would like to be present when you are inducted as President, I find it impossible to get away at that time. I was very pleased and flattered to be invited and would enjoy both the meeting and renewing friendships but it is just out of the question. Please accept my congratulations and best wishes for a successful term of office.

Sincerely yours,

P. D. Reinertsen, M. D.
