Dr. Leonidas H. Berry
President, National Medical Association
412 East 47th Street, #26
Chicago, Illinois

Dear Dr. Berry,

I wish to officially thank the House of Delegates, the official family and members of the National Medical Association, for the honor bestowed upon me at the 70th Annual Convention.

No Honor can fill the heart with joy as one given by the men one serves, who know all of the shortcomings of the recipient and in spite of those - think well of him.

It was a high point in my life, and will remain a cherished memory - to sustain me when spirit dwindles, and to inspire me to meet newer challenges to promote our common causes.

My family shares in this expression of thanks, as they have this experience of joy.

Very truly yours,

Kenneth W. Clement, M.D.
