Dear Doctor Leevy:

I am very pleased for the privilege of re-appointing you as a member to the Council on Recruitment of the National Medical Association, chaired by Dr. Edward S. Cooper. The request came from the chairman, and I am very glad that you have consented to serve. The term is for five years to 1970.

I am very pleased to note also your authorship of a Medical Monograph published by Eli Lilly and Company. I have read it superficially and like it very much, and will go back to it in detail later. Accept my sincerest congratulations on this addition to your contribution to gastroenterology and medicine. May you live long and continue in this important role.

Sincerely yours,

Leonidas H. Berry, M.D.  
President  
National Medical Association
