Department of Health, Education and Welfare
Adult Education Branch, Office of Education
Washington, D.C. 20202 Federal Building 6

Dear Dr. Brice:

Thank you for your letter of September 28, 1965.

This letter is to inform you that Wednesday, November 10, 1965 at your office in Washington, D.C., would be a satisfactory date and place for our working and planning session. I have no idea how many of our Council members, NMA officers and Advisory Committee members will be present, but we will have at least a few present to serve as a sort of task force.

Please inform me of the time of the meeting. I, as promised, shall get a rough preliminary prospectus in your hands for study prior to our meeting.

With all best wishes, I am,

Very truly yours,

Edward S. Cooper, M.D., Chairman
Council on Talent Recruitment
National Medical Association
