Dear Doctor Berry:

Received your letter of March 3, 1966, concerning your desire to testify before the Committee on Interstate and Foreign Commerce in support of H. R. 12453, the International Health Act of 1966.

I regret to inform you that the public hearings have been concluded and they have already been printed. In addition, we have almost finished our meetings in executive session on this legislation. Since the hearings have been printed, there would be no opportunity to include a statement from you, although, I do appreciate knowing of your interest.

However, as you requested, I am enclosing a copy of the hearings along with a copy of the bill which I trust will be of interest to you.

With best wishes, I am

Sincerely,

*Dan Ronan*
