Dr. Leonidas H. Berry  
417 E. 47th St., Cor. South Parkway  
Chicago, Ill.

Dear Dr. Berry:

It was a real pleasure to have a cheering message from you. Mrs. Abington has gotten along reasonably well, but I have passed through a real seige for some months. I am able to get about again, but am under the care of three physicians - two of whom are specialists in their line. However, I am grateful to be able to go at all.

About all of my crowd has passed on. I am helped by still following some of the instructions you gave me when I was in your care.

We shall always remember with gratitude your visit to our home. You guided me into social security which means everything to us at this time. We truly hope you may come this way again.

Mrs. Abington sends regards. May the Lord continue to keep and bless you.

Sincerely yours,  
*Chas. W. Abington*
