Doctor E. Albert Dumas
353 E. 47th Street
Chicago, Illinois

Dear Doctor Dumas:

I hope that more effective liason and better esprit de corps will characterize the relationships between the officers of the CCFA, our National President, the Board of Trustees and participant members as a result of the spirited discussion we had at our last meeting regarding plans for our convention and the meeting of the Board of Trustees here in Chicago. We must have a cooperative spirit and minimize the personality conflicts that only can sabotege our efforts to promote a stellar convention.

Following is the list of chairmen for our Convention as approved by the CCFA at meetings during the current year. I do hope that you will have a joint meeting of these individuals prior to the meeting of the Trustees. Some of these chairmen have not been performing their duties and need to be motivated to fulfill their obligations or else we will have to designate some alternate chairmen. Dr. Spencer will get out the notices anytime that you designate for the meeting.

- GENERAL CHAIRMAN -----Dr. E. Albert Dumas
- ASST. CHAIRMAN-----Dr. K. T. Mehlinger
- Scientific Program Chairman--Dr. Jasper Williams
- Entertainment-----...Dr. John Lewis Chairman & Dr. Roger Spencer Co-Chairman
- Publicity.....Dr. John Coleman (man) Mrs. Earl Fredericks (woman)

- Children's Program Chairman...Mrs. Solomon Green

You have the list of the sectional chairman for the Scientific Program. The entertainment committee needs to start functioning and John Lewis and Spencer contacted per phone. Our sincere appreciation for the hospitality that you extended us at the meeting in your elegant home.

Sincerely yours,

Kermit T. Mehlinger, M. D.
