Dear Leonidas,

In regard to your recent letter dated April 9, 1966, I would be delighted to serve in the capacity mentioned in your communication. I am also happy to know that we are making progress in an united front for the "sake of medicine" regardless of whether it is A.M.A. or N.M.A. The future looks bright for our Association if we can establish a benchhead in the "right place" and with the "right people" because the "time is ripe." Now is the time for each of us to take our rightful place for the sake of the people whom we serve and not for your personnel gain.

Sincerely yours,

Earl Belle Smith, M.D.
