Leonidas H. Berry, M.D.  
412 East 47th Street  
Chicago, Illinois 60653

Dear Dr. Berry:

Dr. George Silver has asked me to write you on behalf of the Group Practice Program of the Division of Medical Care Administration, U.S. Public Health Service.

We wish to invite you to consult with us at regular intervals concerning those problems which lie within your specific competence. As a past-president of the National Medical Association your help as a citizen consultant will be most useful to the Public Health Service in our continuing relationship with the National Medical Association Foundation in its expanding educational and health delivery programs.

As you know, the National Medical Association Foundation program is moving forward with unprecedented speed, opening new avenues of opportunity but also requiring special care to prevent any missteps.

Our current budgetary capabilities are quite limited. We will be able to provide you with transportation and per-diem allowance, plus our sincere thanks.

Please let me hear from you on this matter as soon as possible.

Sincerely yours,

Milton L. Bankoff, M.D.  
Chief, Group Practice Program  
Division of Medical Care Administration
