

THE DAILLEY UNIT HOSPITAL

*Letter filed*

July 11, 1960

TO: The Board of Trustees

FROM: The Executive Committee

Subject: MEMORIAL TO U. G. DAILLEY, M.D.

In behalf of the Medical Staff, the Executive Committee recommends that a memorial painting of Dr. U. G. Dailey be placed in a suitable location on the first floor of the main hospital building as soon as possible.

The Executive Committee has been informed that such a portrait is available from the family upon request of the medical staff.

It is further recommended that the occasion of this presentation be announced publicly and suitably documented.

In recognition of the suggestions of the Board of Trustees regarding Memorials, the Executive Committee recommends that no additional pictures, portraits, plaques or other memorials be placed at any time in the hospital building until such time that a set of approved criteria are established and announced to all concerned.

Respectfully submitted,

*MMF*  
Morris H. Proffitt, M.D.  
Secretary, Executive Committee
