Dear Dr. Gill:

Thank you for your prompt reply to my telephone conversation with Dr. Frank Johns. I will prepare to give the paper on June 6, 1963, the correct title of which will be as follows:

"Oxytetracycline Fluorescence, Gastric Cytology And Gastric Biopsy
As A Diagnostic Profile In Gastric Cancer"

I will prepare the paper for twenty minutes and will be prepared to answer questions or comment on discussions as your time will allow.

This will be my first visit for a long time and I am glad that my schedule will make this possible. Looking forward to seeing you and all of my old friends among the former internes and residents of Freedman's Hospital.

Thank you very much. I remain

Sincerely yours,

Leonidas H. Berry, M. D.
