Alderman William H. Harvey  
Chairman  
City Council, Council Chamber  
City Hall  
121 N. LaSalle Street - 2nd Floor  
Chicago, Illinois

Dear Alderman Harvey:

I regret very much that because of my present very busy schedule as President of the National Medical Association that I was out of town and unable to attend or to reply on time with reference to attending the hearing of the Mayor's special committee on hospital staff appointments for Negro physicians.

I was a member of the health committee of the Commission on Human Relations and took an active part as a consultant in implementing the work of this committee and was and still am vitally interested. Your interest in this area is appreciated.

Very truly yours,
