My dear Old friend 'A Ray'

Have missed you at recent meetings
And I have reached ~~my~~ my stopping point,
with ref. to papers, research, & teaching of a full
practice. I am enclosing two items
which I hope you will read, not all at one
time of course.

I hope your health is good.

Gene Strifenseder gave me your address and
I was glad to get it. I am no longer active
with patients at County Hosp. but I am
doing a light job 4 hrs a day as a Deputy for Professional
Community Affairs for the Governing Commission.

Drop me a line when you find the
time & let me know how you are

Sincerely
Gouldas
