Dr. Leonidas H. Berry
412 East 47th Street
Chicago, Illinois

Dear Dr. Berry -

We noticed a story in a recent issue of THE CHICAGO TRIBUNE telling of the Careers conference of which you were Chairman.

We have had Candy Stripers in our Hospital for the past eight years. This year, on June 18th, as part of their Orientation, we are planning to have a Career Seminar presenting careers in the Hospital field and guidance. If you have an extra copy of any written material you gave to the students, we would greatly appreciate it.

Hope your recruitment program was a success. Shall be grateful for your help.

Sincerely,
Beatrice Liedtke
