April 21, 1958

Dr Gordon McHardy
3636 St Charles Avenue
New Orleans, La

Dear Dr McHardy:

I am writing at this time to inquire about the disposition of my application to set up an exhibit at the World Congress next month. My understanding was that if more space were acquired, there was the possibility of acceptance of the application.

I am writing at this time because I did not hear from the Committee near the first of April as you predicted. The time, of course, is short but if I started immediately I would still have time to revamp the exhibit for the Congress.

I would appreciate an immediate reply.

Sincerest regards and best wishes,

Leonidas H. Berry, M. D.
