Calle 4 No. 512, Vedado  
Navana, Cuba

Dear Dr. Milanes:

I am enclosing a 35mm slide of a meeting of the World Congress in Paris 1954. Please identify if possible the men at the speakers table. I know all of them but two. I would particularly like to know if Dr. Rene Gutman is in this group. I have a larger photograph on which I would like to list their correct names.

I trust you are well and happy. It was nice to see you in Washington. Will probably see you at Atlantic City in June.

Sincerest regards and best wishes,

---
