Dr. Helen C. Newman
% Laboratory School
University of Chicago
5801 S. Ellis Avenue
Chicago, Illinois

Dear Doctor Newman:

It was very nice of you to send me a copy of your final report before leaving the Lab school. I am sure that it is difficult to leave a place after working there for so many years. I hope, however, that you will find your new activities just as pleasant and rewarding as those at the Lab school. I wish for you the best of everything in your new endeavor.

Very truly yours,

Leonidas H. Berry, M.D.
