Dear Doctor Berry:

I would like to express my appreciation for your excellent instruction in gastroscopy that I recently received. I am sorry that I had to cut the course short as I had some work in gastric cytology that had to be done at Billings.

If you are ever down Houston way, I would very much enjoy showing you around and repaying some of the kindness that you extended to me. With best wishes, I am,

Sincerely yours,

Melvin L. Samuels, M.D.
