Mr. and Mrs. Sproul

Leonidas H. Berry, M.D., F.A.C.P.
412 East 47th Street
Chicago 15, Illinois

Dear Dr. Berry:

It is good to have your 14 August letter, which has just been forwarded to me. I shall pass this on to Sproul Associates, the successor firm to Noyes & Sproul, from which I resigned 30 June.

To the best of my knowledge, Mr. Sproul is still handling the Robins account, and he may wish to follow through on your suggestion regarding an exhibit at the forthcoming Pan-American Gastroenterological Congress.

The trip to Chile should be an interesting experience and I hope your presentation will be well received.

We have established The John Slade Ely Center for Health Education Research, Inc., in New Haven, and - if you should get east - I'd welcome an opportunity to tell you something of our goals and activities.

Every good wish to you.

Sincerely yours,

Also by Enlhos
