3232 East 30th Street
Kansas City, Missouri

Dear J.D.,

I had suspected that I would hear from you before now. I need to know, of course, the time of appearance of my presentation on Wednesday at the laymen's meeting and how much time will be allotted. I plan, as I had mentioned to you before, to fly down in time to spend Wednesday, but will have to come back in order to make presentations at the National Medical Association as an officer of that Society in St. Louis, beginning Friday night.

Please communicate with me at once and give me this information. I will greatly appreciate it.

Sincerest regards.

Yours,

Leonidas
