Bernard Schuman, M.D.  
Department of Gastroenterology  
Henry Ford Hospital  
2799 West Grand Boulevard  
Detroit, Michigan 48202

Dear Bernard:

As you know, I am probably the oldest active member in the Society (ASGE) and, as you also know, I have not been too well.

I am enclosing a "CV" Summary of my activities since the founding of the Society, and the years before. This I submit as my "passport" to reduced activity and I request, at this time, to be transferred to a senior membership with any adjustment of dues which may be appropriate or constituted by the rules and regulations of ASGE.

I plan to continue attendance of meetings and to participate, of course, in some activities of the Society.

Sincerely yours,

Leonidas H. Berry  
Special Deputy for  
Professional Community Affairs

LHB/dpg
