Dr. J. F. Hinchman  
Parker, Indiana

Dear Doctor Hinchman:

Pursuant to our telephone conversation several days ago, I would like to submit the following subjects for the meeting of the Academy of General Practice of Indiana, to be held in Muncie, on October 23, 1964.

First lecture - One hour. Title: "Special Experiences in Diagnosis and Management of Gastrointestinal Hemorrhage."

*same* Second lecture - One hour. Title: "Fluorescent Gastric Washings, "Pap" smears, and Gastroscopy in <sup>the</sup> Early Gastric ~~Cancer~~ *diagnosis* Detection."

I will illustrate these talks with 35 mm. slides. I think I can make these subjects interesting and practical for the men who are in general practice.

Please confirm as to exact time and place. Thanking you for this opportunity, I am

Yours very truly,

Leonidas H. Berry, M.D.
