Jean Francis Hinchman, M.D.
Eighth District
Indiana Academy of General Practice
Parker, Indiana

Dear Doctor Hinchman:

This is to express my very deep gratitude for having been invited to address the Indiana Academy of General Practice, the eighth district.

This was my second visit to Muncie, Indiana to share experiences with physicians in that area. Each time, and especially the last, I found the men of the profession very cordial and very eager to exchange experiences, so that individual medical services may be kept up to date and at a high level. The recent visit was especially rewarding to me -- and again I wish to thank you and all of the others who may have had a part in the decision to invite me.

I trust that our paths may cross again before too long. Until then, my sincerest regards and best wishes to you and to all of the men of the society.

Sincerely yours,

Leonidas H. Berry, M.D.
