Dr. Leonides Berry
412 E. 47th Street
Chicago, Illinois

Dear Dr. Berry:

Thanks for consenting to discuss the paper of Dr. Seibi Kobayashi, "Endoscopic appearance of early gastric-cancer", at the December 3rd meeting of the Chicago Society of Gastroenterology at the Mandel Lounge, Kaplan Pavillion, Michael Reese Medical Center. Dr. Malcolm Stanley should be sending you an announcement of the meeting and instructions about dinner reservations. Dr. Kobayshi, you will recall, has an article on his topic in the Annals of Internal Medicine, August 1969.

Sincerely,

James B. Hammond, M.D.
