Dr. Leonidas Berry
412 East 47th Street
Chicago, Illinois

Dear Dr. Berry:

The Welfare Council is involved in some of the most serious planning activities affecting this metropolitan area since the 1930s. I would appreciate having an opportunity to discuss these developments with you. New federal poverty and health programs, new state children's and mental health programs, growth of towns in our metropolitan area where nothing but fields existed before, a whole series of issues is causing drastic changes in the entire health and welfare picture.

Would it be possible ^{accept} for you to join a small group ^(Tuesday) of us for lunch on any of the alternate dates, June 23, July 1, July 8, July 12, or July 20, 12-2 p.m.? There will be no fund raising at these luncheons, and we are not inviting you to involve you in any further activities. The Council is coming to grips with these major community problems. It is important to us that you know of them, and that we have an opportunity to discuss them with you. These luncheons with civic and business leaders proved so valuable last year and so interesting to those in attendance that I would like to continue them. I hope you will be able to join us this year.

Lemuel B. Hunter, now chairman of our executive committee and vice-president-administration at Inland Steel Co., has invited us to hold these luncheons once again in the management dining room, 13th floor, Inland Steel Co., 30 West Monroe at 12 noon.

Would you be good enough to call FRanklin 2-6911, ext. 143, so that we may know on which of the alternate dates we may plan to expect you? I very much hope you can be with us.

Sincerely,

Arthur W. Schultz
