Dear Doctor Berry:

Thank you for your letter of February 26, 1969 in regard to the financing of a sound color 16 mm. movie of gastric lesions.

I am sorry but all of our funds for such projects have been committed and we will be unable to support your project. I think it is an excellent idea and any time that a new teaching film is added to teaching centers around the country, it is a worthwhile project. I hope that you will be able to follow through with your idea.

Thank you for thinking of Winthrop Laboratories and its products and for giving us the opportunity of considering your project.

Sincerely yours,

WINTHROP LABORATORIES
